

Your objective in each trial is to judge whether the red ball **launches** the blue ball forward.

You will provide your answer on a slider from left (Definitely No) to right (Definitely Yes)

Definitely No

Definitely Yes

A rating of '**Definitely Yes**' corresponds to a strong impression that **the red ball set the blue ball into motion by pushing it forward.**

A rating of '**Definitely No**' corresponds to a strong impression that **the red ball did not influence the motion of the blue ball.**

If you have any questions, please notify the experimenter now. Otherwise, press the 'Next' button when you are ready to move to the next page of instructions.
